"Class of '44"

Oh! you school days, yes, you school days,

Oh! you dear old, golden rule days.

'Twas in the year of '41, the Seniors kept us on the run;

We were Freshmen then you see, as green and silly as could be.

In '42 we followed through, a bit reserved and quiet,

But with hardly anything to do, we broke out in riot;

Setting girls on the fountain was then a favorite prank

But found it wasn't quite the thing, 'twas just a bit too rank.

Old '43, he came around almost before we knew it;

So much to do, so much to learn, we never could quite do it.

That Junior-Senior Banquet, we never shall forget,

And that funny Junior Class Play is still talked about yet.

Hail! Senior year of '44, Hail! classmates who have gone to war!

We've all received an education, we hope to serve a better nation

Each one will stand firm at his station,

To profit from his graduation.

Marvin Holloway.

BOARD OF EDUCATION

Stony Creek Township has an elected board of education consisting of the Trustee, John W. Hersberger, and three advisory board members—Earle Myers, Elbert Roudebush, and Walter Spegal. Each of these four are serving their second term in office. We realize that they perform a very necessary public service—they spend much time and effort in the advancement of this school.

Sponsors

We the class of '44 wish to express our appreciation and thanks to our sponsors, Mrs. Thomas and Mr. Walker. Both of these people came to Lapel when our class started to school and have been with us since. We feel that they are a part of us and deserve much credit for the success which our class has attained. Although we leave school and they remain, with us will go the memory of their help, guidance and inspiration.

Grade Teachers

We, the class of '44, wish to make a public acknowledgment. Without the counsel guidance given us by our grade teachers, our efforts in school and life would fail. We sincerely hope that each future "Bulldog" will continue to recognize the importance of their work in starting each class and most individuals on the road to success.

RUTH GENTRY

"Ruth" has been office secretary for the past two years. She has contributed much to the efficiency and the regularity of the school. She has such a pleasant way of doing the duties assigned her.

WILLIAM JENKINS

"Bill is again custodian of Lapel High School Building. He does his work in a cheerful manner and tries always to provide us with a warm building.

"Professor, How Could You?"

Men usually thought Vicky's pranks were cute but Professor Perry curtly ordered Vicky to call and apologize or drop his course. Vicky sulkily obeyed. At the Perry home she overheard a bit of gossip: Professor Perry had been offered a deanship—if he can get a wife. His friend John offers his secretary—Grandma's candidate is Tootsie Bean, a bit plump but a master hand with lemon chiffon pie. Vicky longing for revenge, proposes a friend, Valerie, a Southern charmer. Grandpa won't tell the name of his candidate! Convulsing scenes follow: Tootsie appears with a pie for the Professor. Her pugilist brother sees to it that he eats it! The three candidates comes to dinner and wheedle and flatter the embarrassed Professor. Grandpa makes each think that the Professor has proposed an elopement and they all appear ready for the dash to matrimony! To save the situation, John dresses as a woman and comes weeping in trailing four children after him and passing himself off as the Professor's long lost wife! The three girls console themselves elsewhere. In a whirlwind finish Grandpa's candidate wins, and the Professor finds a wife in a little spitfire Vicky!

"His Ozark Cousin"

The Rankin family, though living in the Ozarks, are all well-educated and affluent. They receive a letter from some distant Eastern cousins, stating they will arrive soon on a visit. In the letter are several unflattering intimations as to the possible rustic mode of living of the Rankins. This arouses the ire of the Rankin young folks who decide to give the visiting cousins a taste of what they are evidently expecting. They don mountain clothes and dialects, and the arriving guests find themselves in the midst of feuds, "moonshining", and more "mountain atmosphere" than they have ever dreamed of. With the help of friends the Rankin "feud" with the Starks waxes merrily. Uncle Zeb, the only genuine mountaineer in the lot, has more excitement than he's had since he "fit in the war agin the Yanks." The high point in the hilarity comes with the hillbilly "wedding" that settles the feud.

Prophecy of '54

Kathryn Bayley is the coach of a girls' basketball team. Coach Bayley has led her team to 4,001 consecutive victories but still she thinks the Senior Girls' Team of '44 could beat them . . . Virginia Bennett owns a telephone company. She has changed the name from The Bell Telephone Company to The Bennett Telephone Company. She still puts in long distance call to Pendleton . . . Calvin Edrington is chief-of-police in Fishersburg. He is especially good at catching Halloween "pranksters" because he taught the kids all the pranks they know . . . Wanda Lou Edrington plays the trombone with Benny Goodman's orchestra. Her music is really hot. She has been known to melt down three trombones while playing one number . . . Leora Jane Edwards is the featured vocalist with the Grand Symphony Orchestra. She can hit high "G" with her mouth opened one quarter of an inch. Her next appearance is in the Fishersburg Opera House . . . Norma Gentry is a beauty operator in Perkinville. She is known for her ability to invent new hair styles. The most popular is the Veronica Lake "extra" special where both eyes are covered . . . Emma Lou Green now owns the Woolworth Ten-Cent Stores. She got interested in this business when she worked in dear old Noblesville. She is so wealthy she has a car to match each dress . . . Philip Halsey is the new screen heart-throb. His hair has all the ladies agog. Philip is terribly unhappy, though, because someone is always mistaking him for Red Skelton . . . Mary Helen Hildreth is a missionary at the North Pole. She is having a hard time because of the extremely cold weather. All the Eskimos have decided they want to go where it's "hot" . . . Marvin Hol-loway is the new singing sensation of America. He has a four-hour program every morning and a six hour program at night. He donates 10% of his income to Crosby and Sinatra who are on relief . . . Robert Hoppes has just bought out General Motors and is fast becoming a multi-millionaire. He hires special airplanes to take him to see all of the games that Coach Bayley's team plays in . . . Robert Hosier is a work-worn inventor. He has spent years of research, years of study, years of experimenting, years of hardship, poverty, and hunger. But he still can't invent a tractor that won't turn over . . . Phillip Huffman is the "Lucky Teter" of today. His dare-devil feats while driving a car are known to the entire world. His only trouble is finding enough cars to tear up . . . Eileen Shaul is now the head bookkeeper of the Lapel "Do or Dye Works". She is very efficient but says that she didn't get her start in Mrs. Shaul's bookkeeping class . . . Betty Sisson is a cook in "Casey's" Hash House" which is located in Brooklyn. All New York loves her lemon chiffon pie . . . Eloise Smethers is happily married and last year she was voted "America's Most-Perfect Wife". She is planning to write a book called "How to Avoid Reno" . . . Mavis Smith is a lady garage mechanic. She can take a car entirely apart and put it back together in five minutes, of course, she doesn't guarantee it will run . . . Norman Smith is a world-famous orator. His radical speeches bring cheers (and otherwise) from all the crowds. He plans to run for president next election . . . Rosemary Smith is a hat-check girl in a night-club. She finds out from the cook where the best chickens are located, then she "squeals" to Layton, the desperado . . . Alta Sparks is the "fat lady" in the Barnum and Bailey Circus. She is known for her ability to gain weight rapidly. Today, after a light breakfast, she gained 15 pounds . . . Martha Spegal is a perfect secretary. She has found that in order to be successful, you should not sit on the boss's lap but let him sit on yours . . . Virginia Sylvester is a modern dress designer. Her newest creation has a waist line four inches from the hem. As yet, she hasn't decided where to put the hem . . . Betty Thornberg

Honor Plaque

Above the doors to the Senior assembly, hangs a plaque dedicated to graduates of Lapel High School who now or who have been in the service of our country during World War II. It serves for us who remain in school as a reminder of those boys who spent their school days here and who are spending their youth and possibly their lives for the things which all Americans hold dear.

TROPHIES

LAPEL

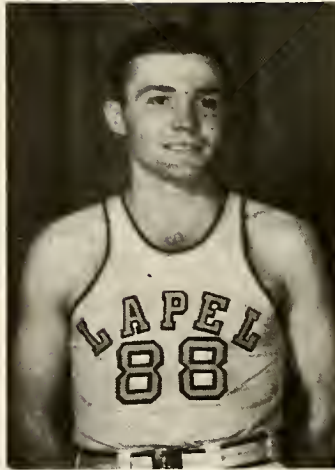

"Army"

Coach Orville R. Armstrong, has just completed his fourth year at Lapel. He guided the boys through a very successful season, in which they won 17 of 22 games. "Army" had a good season with the second team also, in which they won 17 of 20 games. "He's the coach of our old team."

"Kenny"

Kenneth Woodward, is the red-headed boy who kept the crowd in an uproar. His 244 points was high for scoring honors. This makes the third year for "Kenny" to lead in scoring. At the end of the season the squad selected "Kenny" as honorary captain, since he led them so well. He also led the team in scoring from the free throw line hitting 63% of those shots. His leadership will be greatly missed next year. "Some boy, our captain, he never quit fighting."

1 9

"Males"

George Males, a fast and flashy guard, came in very handy this year. He took second in scoring honors with 149 points. "Males" is also a senior this year, and he will be missed next year. George hit an average of 60% of his free throws. He was especially outstanding in the sectional this year, getting 29 points in two games. "Speedy", that Males."

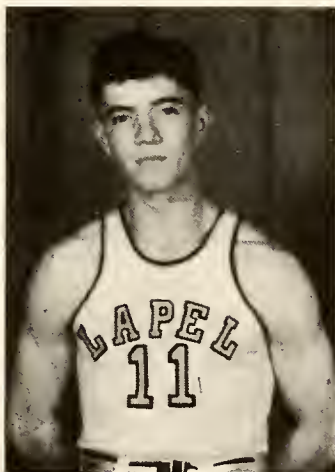

BULLDOGS

"Goosie"

Norman Woodward, was the boy you saw throwing the towel out, carrying the trunk, or putting a bandage on someone. "Goose" is finishing his third and last year as manager. He is a senior. During the three years he attended all the games, helping "Army" all the time. "Goose" was sometimes called upon to give his opinion on coming games, but wasn't always correct. "Throw 'em the towel, Goose."

4 4

"Jim"

James Layton, was another boy in there scrapping for the ball all the time. Although this is just "Jim's" second year on the squad, he was an outstanding player. Jim scored 116 points, for fourth in season scoring honors. He was noted for his ability to hit on long one-handed shots. As he is another one of the seniors, we will miss him in there at center. He hit a percentage of 30 from the free throw line. "Layton, Layton, he's our man."

"Red"

Philip Halsey, running mate of "Kenny", was another leading scorer. He was close behind George with 143 points. "Red" is one of the four players graduating this year. His consistent perseverance should be inspirational in following years. He hit percentage of 52 from the charity stripe. "Red" was a consistent scorer and worked well in the forward position. "If he can't do it, Halsey can."

LAPEL

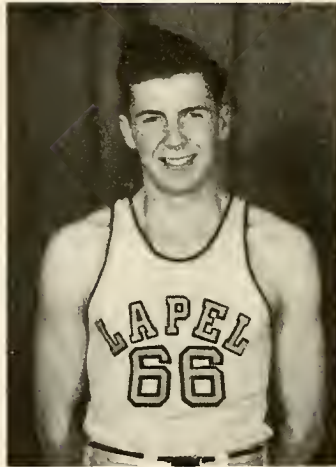

"Ted"

Charles Williams, has another year with the Bulldogs, and will be handy to have around. "Ted" was called upon to take care of those "toughies" on the opposing teams, and he did it. He was the largest "Bulldog" on the squad this year, and was a good rebound man. "Ted" hit 50% from the free throw line and scored a total of 35 points. "Go get 'em, Ted."

"Bob"

Robert Land did exceptionally good work this year, and has another year with the Bulldogs. "Bob," went to school at Anderson as a Freshman. He scored 71 points this year for fifth in the scoring record. He captured second from the charity stripe with a 62% average. As a substitute he pulled many a game "out of the fire". "Nice work, Bob."

1 9

"Bud"

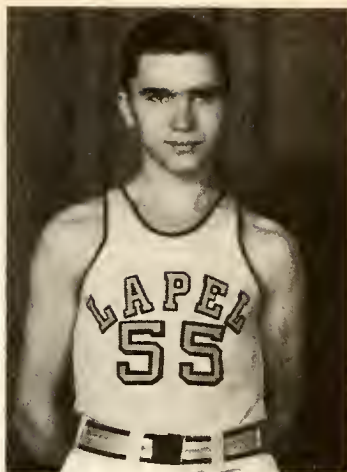

Halford Reddick, is another of those boys who will be around again next year. He was noted for his tricky ball handling, and passing. He could fill a post at either forward or guard. "Bud" scored 50 points, and hit 50% from the free throw line. He was always on hand to do his bit when needed. "Dependable, that Reddick."

BULLDOGS

"Lefty"

James Woodward, a guard, was very good when it came to defensive playing. As "Lefty" is only a sophomore he will be able to carry on the Bulldog spirit for two more seasons. He was outstanding on tricky dribbling and shooting with his left hand. He scored 35 points, and hit 57% from the foul line. "Keep it up, Lefty."

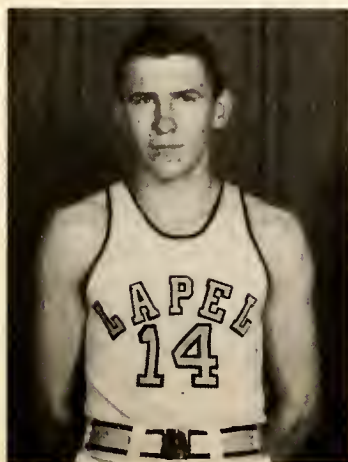

4 4

"Troutman"

James Troutman, also a sophomore, will be around to help the fighting Bulldogs for two more years. He saw action in several games this year and proved his ability to fight and score. "Troutman" scored 29 points this season and hit a percentage of 58 from the foul line. He is one of the many sophomore boys who have played together for several years. "Rah! Rah! Rah! Troutman."

"Burke"

Carroll Burke, is one of the taller boys on the squad. He saw action in eight contests this season, including two at the Sectional. "Burke" was captain and high point man for the "Bull Pups" in the Pendleton Invitational Tournament which Lapel won for the second consecutive year. "Burke" scored eleven points and hit 60% of his free throws for the varsity. "Atta boy, Burke."

Baseball, although just a minor sport in Lapel High School plays a great part in the major sport, basketball. Baseball is played in the fall and starts just as school starts. Although baseball wasn't very successful in the winning respect this year, it was helpful in getting the basketball team in physical condition as almost all of these boys play baseball.

IN RECOGNITION

Charles Baker, last year was a regular forward on the Lapel squad which won the Invitational and Sectional honors. He was a fast and consistent ball player. There is no doubt that "Bake" would have been a high scorer this year. He was drafted into the United States Navy last summer. He is now serving on the U. S. S. Wolverine. "Bake" played on the baseball squad also. "Yea! Rah! Baker! Some Boy."

★★★★

Max McCain, a member of the Bulldog Varsity, was called on February 18th. He wasn't around for Sectional play. Max was the tallest boy on this years squad, and his six-one height enabled him to control much of the bank-board. "Max" was a good pivot man, and got points when they were needed. He is now taking "boot training" at Great Lakes Naval Training Station. "Good luck, Max."
